

Job Opening for Transmission Electron Microscopy/ Imaging Research Scientist.

The Samuel Roberts Noble Microscopy Laboratory (<http://www.microscopy.ou.edu>) at the University of Oklahoma, Norman Campus (<http://www.ou.edu>) invites applications for a full-time Research Scientist. The successful applicant will join our team of scientists in an interdisciplinary multi-user microscopy laboratory to advance the research, teaching, and service missions of OU and the broader region. In particular, the candidate will operate, maintain, supervise and provide research-related training principally on transmission electron microscopy and related ancillary equipment in a core light/electron imaging facility.

We seek an individual with an M.S. (required) or Ph.D. (preferred) degree in a relevant technical discipline, previous experience with transmission electron microscopy, and excellent interpersonal, communication and organizational skills. A competitive salary will be offered, commensurate with experience. **Applicants MUST apply for this position on-line** at <https://jobs.ou.edu> under the job requisition #193037 (Research Scientist). Applicants should submit (1) a cover letter that includes a description of their experience with both transmission electron microscopy (including sample preparation and various imaging and analysis modes) and working in an interdisciplinary multi-user collaborative environment; (2) a CV that includes a listing of 2-3 references that can provide relevant details regarding the applicant's suitability for this position. The position is available immediately and will remain open until filled. For further information, please contact Dr. Andy Elwood Madden at amadden@ou.edu.

The University of Oklahoma (OU) is a Carnegie-R1 comprehensive public research university known for excellence in teaching, research, and community engagement. The 277-acre Research Campus in Norman was named the No.1 research campus in the nation by the Association of Research Parks in 2013. Norman is a culturally rich and vibrant town located just outside Oklahoma City. With outstanding schools, amenities, and a low cost of living, Norman is a perennial contender on the "Best Places to Live" rankings. Visit <http://soonerway.ou.edu/> for more information.
