**WP5.2: De 5.2.10** Implementation of extended tracking functionality database

**Due date of deliverable: 31.09.2007**  
**Actual submission date: 31.09.2007**

**Start date of project: 1.1.2004**                      **Duration: 60 months**

**Organisation name of lead contractor for this deliverable: CCP4/STFC**  
**Daresbury Author: Peter Briggs**

## De 5.2.10 Implementation of extended functionality tracking database

The following functions previously identified in milestone Ms 5.2.4 have been selected as extensions to the tracking database:

- Support for logfile and notebook data items (dbCCP4i version 0.2)
- Support for storage of “sub jobs” in the tracking database (dbCCP4i version 0.3)

A version of the tracking database system with these extensions can be found in the following supplementary files at [http://www.ccp4.ac.uk/projects/bioxhit\\_public](http://www.ccp4.ac.uk/projects/bioxhit_public):

- de5.2.10\_de5.2.14\_dbccp4i-0.3.tar.gz
- de5.2.10\_de5.2.14\_dbccp4i-0.3.zip
